Doug Irving

I am running again for a seat on Council as I now have four years of experience in how a Town Council operates and what is expected of Councilors. This year we have eight nominations which is an exciting number for our Town, but five have no experience.

Vote Doug Irving on the 18th Oct.

Frequently Asked Questions

What if I don't have any photo ID like a driver's license?

- It doesn't matter. Just bring anything else you have from the above list that has your name and address on it.

Do I need more than one document?

- No, only one document with your name and address is needed. *

What if all of my documents have a post office box address?

- That is ok. As long as it makes sense that a person in your voting subdivision or ward would have a post office box at your mailing address, it will be accepted. The post office box doesn't have to be in your voting subdivision or ward – just reasonably close by.

I used to have to sign a form to say that I am eligible. Do I still have to sign that form?

- Yes, you will still have to sign the Statement of Elector Eligibility as well as provide one of the above documents that contains your name and address.

What if I don't have any accounts or documents in my own name?

- Have your landlord, facility, or organization manager sign a letter or form (attestation) to confirm your address, and bring it with you to the voting station. Your municipality may have a form that you can use, so check with them. You will have to do this before you come to vote, so plan ahead.

* These are the basic requirements for all Alberta municipalities. Your local municipality may have additional requirements or accept additional types of ID. Please check with them.

Camillia Morrison

Hi Everyone, my name is Camillia Morrison and I will be running for Hardisty's town council in the upcoming municipal election. I was born and raised in a small town in Saskatchewan not too far from the Alberta border. I started coming around Hardisty in the early 2000's when my dad and his family moved here. I officially made the move to Hardisty myself in 2013 when I got hired on at TC Energy, where I currently still work today as an Instrumentation Technician. Shortly after my move here I met my husband a local himself Logan Morrison. We recently just had our first child Benjamin last November and we look forward to many more years of raising our family here.

I made the decision to run for town council as Hardisty has always felt like home to me and has been so welcoming since day one. I have always enjoyed the sense of community this town has to offer. I want to step up and do my part to help keep our small town so great. I see many opportunities to make it an even better place for people to want to call home. I hope to bring new fresh ideas to the table and help promote what our small town really has to offer.

Thank you,
Camillia Morrison

Brett Baumgartner

My name is Brett Baumgartner and I am running for a position on town council. I have called Hardisty home my whole life. My wife and I have been working and raising our two children here for over a decade. I have experience coaching minor hockey and enjoy giving back to the community. I have been on town council for the past year after putting my name forward in a by-election last year. Having the opportunity to learn the needs of our town and how local government works, I would like the opportunity to continue to improve the community we all call home.

Wayne Jackson

If elected I am committed to work with council to promote Hardisty as a great place to do business, raise a family, retire, or visit to take in some of the great recreation we have to offer. I would like to see our essential services stay open and operating locally. We should work together with this as our main common goal. Thank you.

Christine Ruzicka

HELLO. My name is Christine Ruzicka and I am running for Hardisty Town Council. I grew up in Viking AB with my parents and 2 siblings. I have lived in Hardisty for the past 5 years with my partner Sam and our two dogs.

I have worked at Killam Home Hardware, Sedgewick Coop and am currently at the Hardisty Hardware as the Lumber Manager. I have been here since the new Hardware opened.

I am involved with various boards in the Community. I am a director for the Hardisty Lakeview Golf Association, Hardisty Community Hall Board, and the Beautification Committee.

In my spare time you can find me on the golf course, at the curling rink or enjoying some relax time at home with Sam and the dogs. I also enjoy doing Diamond Dots and puzzles.

I have decided to run for Council to gain more knowledge in Municipal Government, expand my knowledge and help my Community grow and prosper.

Please vote for me on October 18, 2021.

Wade Kroening

My wife, Darci and I have lived in Hardisty for the past 20 years and raised two amazing children who now have spouses of their own and live-in close proximity to us. We also have been blessed with 3 lovely grandchildren with another on the way.

I'm currently the Manager of Canadian Operations for Flint Hills Resources. I have over 30 years of related oil and gas experience with management oversight of operations, EHS programs, emergency response, and security management. I'm currently Vice Chair of the CSA Technical Committee for Z246.2 Emergency Preparedness and Response for Petroleum and Natural Gas Industry Systems and a technical committee member of CSA Z246.1 Security Management for the Oil and Gas Industry Systems.

One of the key reasons for seeking a spot on the Hardisty council is to give back to my community.

Areas that I would like to work on improving as a councilor are,

- attracting new businesses to the area as we have an incredible advantage over other communities with the Hardisty oil complex in close proximity. We have an underutilized industrial park that could accommodate this expansion.
- Streamline the current development permit process, remove excess bureaucracy and ambiguity that is restricting potential growth opportunities.
- Work to develop a solid infrastructure renewal and funding plan to help repair and replace old and failing infrastructure.
- Work on showing the benefits of living and working in this community. Great place to raise a family.

Logan Campbell

I was born in Hardisty and raised on an acreage just outside of town. I grew up in Hardisty attending AJS, spending summers at the lake and winter at the ski hill. I now have lived in town for 12 years, joined by my wife and 4-month-old son. I work at the tank farm as a Pipeline Maintenance Technician for Enbridge Pipelines. I am a proud 12+ year member of the Hardisty Fire Department of holding the rank of Captain. We have a great little town and I hope to help make it better.

I believe Hardisty still has healthy potential for growth. I would like to see more families choosing Hardisty to live when they move to the area; also, I want to help keep local businesses sustainable and attract new businesses to town. I'm running for council because I feel our town has been struggling the last few years and want to help move us forward. I am excited to see what the new town council will accomplish with some fresh faces and ideas. Thank you for your consideration.

Connie Beringer

Hello, I am Connie Beringer, I have been a resident of Hardisty since 1992. I am married to my husband Chad Beringer and together we have 1 daughter Keyera.

I have been on town council for a total of 9 years (off and on) and although at times its not the most rewarding position, I take a lot of pride in my community and enjoy making it a better place for all of us. Having been a Realtor for a number of years, I have a true interest in ensuring Hardisty remains an attractive place for not only current residents but new residents and workers as well.

I feel its very important for council to have strong fiscal responsibilities, while ensuring things like our infrastructure (water, sewer, roads) are maintained and bringing some balance to things like utility bills and beautification

I am excited to see the great things in store for Hardisty with a new CAO and some new faces on council - its bound to see some changes .

Good luck to my fellow Candidates.
